Electric-Scooter rental

For greater independence

Flexible, comfortable and easy to drive – our electric scooter is the perfect companion to get around freely whether you want to tour the inner city or explore Vienna’s surroundings. For excursions the scooter can easily be taken apart without any tools and safely be transported in almost any car. It can be charged at any electrical outlet. **Many hotels allow you to directly place an order for our mobility scooters**, you can therefore conveniently book it through your hotel before going on your trip and it will be disposable at the day of your arrival!
